- **Technical Support:** HTML, CSS, JavaScript, Node.js, Express.js, MySQL, database management, Dart, Flutter
- **Client Support:** Client relationship management, onboarding, clear communication, reliability
- **Cyber Safety:** Security awareness training, threat research, digital safety guidance

EXPERIENCE

Founder | KataStrike Intelligence (KSI)

March 2026 - Present

- Founded a cybersecurity awareness and digital safety brand, including a go-to-market strategy, a content library and a structured 12-week awareness program
- Research emerging threats and turn security concepts into simple, actionable guidance for everyday users
- Designed pricing and outreach strategy for institutions such as SACCOs, for partnerships and staff training engagements

Field Sales Agent | Platinum Credit

2025

- Built client relationships across schools, county offices, hospitals and other government departments, guiding clients through registration for check-off loan products
- Entered client details accurately through the company portal; onboarded 50-60 clients and met performance targets, with two rewards from management

Ground Sales Agent | Mysol Kenya (Engie Energy)

2023 - 2025

- Engaged remote and underserved communities to introduce solar energy solutions, guiding first-time customers through sign-up
- Awarded a bonus by regional management for registering 7 clients in 5 days
